

Scripting the Future with Ancient Wisdom

CORPORATE BROCHURE

International Knowledge & Publishing Initiative

OFFICIAL PUBLISHER OF

Academic Achievement Review (AAR)

A Peer-Reviewed Open Access International Multidisciplinary Journal

ABOUT DAIBABANI

DaibaBani is an independent academic publishing platform and international knowledge initiative dedicated to advancing the frontiers of scholarly communication, open-access dissemination, and international research collaboration.

Identity & Institutional Background

Established as a forward-looking knowledge enterprise, DaibaBani is registered under the Ministry of Micro, Small & Medium Enterprises (MSME), Government of India. The organization functions as an independent scholarly press, bridging the gap between rigorous contemporary research methodologies and deep-rooted fundamental knowledge frameworks. By maintaining strict corporate and operational compliance, we ensure long-term structural viability and academic accountability.

Our Publishing Philosophy

At the heart of our publishing philosophy is the belief that high-quality scientific and humanistic knowledge should be universally accessible without artificial barriers. We operate under a robust open-access framework that guarantees immediate, permanent visibility for rigorous academic output. We firmly believe that institutional transparency, ethical gatekeeping, and technological reliability form the three pillars of premium scholarly press management.

Long-term Objectives

DaibaBani is structurally optimized to support a growing ecosystem of digital learning platforms, institutional repositories, and international index-compliant journals. Our infrastructure is custom-built to support rapid metadata interoperability, digital archive preservation, and standard persistent identifier minting, ensuring our publications meet the rigorous criteria of leading global metadata indexers.

Institutional Commitment

DaibaBani is committed to developing sustainable scholarly publishing infrastructure that aligns with internationally accepted standards for editorial quality, publication ethics, metadata interoperability, and long-term digital preservation.

STRATEGIC FRAMEWORK

Corporate Vision

"To become a leading global catalyst for academic excellence, seamlessly bridging classical foundational wisdom with future technological and social innovations to empower scholars worldwide."

Corporate Mission

To promote trusted scholarly communication through ethical publishing, rigorous peer review, international collaboration, sustainable digital preservation, and unrestricted global access to research.

CORE VALUES

Academic Integrity & Transparency

We uphold absolute honesty in research evaluation and reporting. Every stage of our peer review and publication process is bound by explicit criteria, clear guidelines, and verifiable accountability mechanisms.

Inclusive Innovation

We encourage cutting-edge methodological developments, including responsible computational tools and artificial intelligence integration, while remaining completely inclusive of developing-world perspectives and unconventional interdisciplinary concepts.

Global Collaboration & Research Excellence

We believe global challenges require global insights. We actively foster international research networks, cross-border editorial advisory boards, and collaborative data-sharing frameworks to maintain premium scholarly quality.

JOURNAL PROFILE: AAR

Academic Achievement Review (AAR) is the flagship international publication of DaibaBani, launched as a biannual, peer-reviewed, open-access multidisciplinary journal.

JOURNAL METRIC	OPERATIONAL SPECIFICATION
Official Title	Academic Achievement Review (AAR)
Publication Model	Gold Open Access (Immediate & Permanent Free Access)
Review Framework	Rigorous Double-Blind Peer Review Process
Frequency	Biannual (2 Issues per Annum)
Language Requirement	English (High-standard academic prose)
Ethical Compliance	Committed to alignment with COPE Principles & Best Practices
Editorial Autonomy	Independent International Editorial Board with complete structural veto

Responsible AI Alignment

AAR recognizes the transformative potential of modern machine learning tools in research drafting. In alignment with emerging global standards, the journal allows the use of AI tools strictly for stylistic enhancement or linguistic checking. AI tools cannot be credited as authors and any substantial AI-assisted content must be transparently disclosed by authors. Any extensive computational aid must be explicitly disclosed in the methodology section, ensuring transparency and accountability.

AIMS & SCOPE

Academic Achievement Review is inherently multidisciplinary, providing a highly integrated space where technology meets the humanities, and quantitative engineering merges with social policy. We welcome innovative theoretical, empirical, review, and practice-oriented contributions.

Core Subject Concentrations

"By facilitating cross-domain discourse, AAR encourages the submission of collaborative papers that break traditional academic silos, ensuring that research outcomes deliver broader value to society."

EDITORIAL STRATEGY GROUP

Manuscript Types Accepted

We accept: Original Research Articles • Comprehensive Review Articles • Systematic Reviews • Meta-Analyses • Compact Short Communications • Informative Case Studies • Conceptual Policy Frameworks • Technical Notes • Scholarly Perspectives.

EDITORIAL WORKFLOW

AAR enforces an industry-standard, rigorous processing sequence modeled after international gold-standard commercial publishers to maintain elite peer review control.

01**Manuscript Submission**

Authors submit standard MS-Word format files via the secure journal portal framework.

02**Initial Editorial Screening**

The Managing Editor assesses basic subject alignment, formatting adherence, and scope fit.

03**Rigorous Plagiarism Screening**

Advanced text-matching software checks originality. Manuscripts are screened using plagiarism detection software and evaluated in accordance with the journal's originality policy.

04**Double-Blind Peer Review**

Assigned to a minimum of two independent, external international experts within the field.

05**Editorial Revision Decision**

Based on reviewer feedback, authors receive a detailed request for minor/major revision or rejection.

06**Formal Copyediting & Production**

Accepted papers undergo professional typesetting, language polishing, and reference validation.

07**Global Open-Access Publication**

Assigned immediate metadata tracking markers and disseminated globally without access walls.

PUBLICATION ETHICS & INTEGRITY

DaibaBani maintains strict alignment with international best practices in ethical scholarly management, mirroring standard global parameters.

Commitment to COPE Core Principles

The journal operates with the explicit goal of strict alignment with the Committee on Publication Ethics (COPE) Guidelines. We confirm that our processes protect author rights, maintain transparent records, and enforce severe sanctions against data fabrication, duplicate submissions, and citation manipulation.

The journal also follows international best practices concerning conflicts of interest, corrections, retractions, complaints, appeals, research integrity, and publication transparency.

Editorial Independence & Governance

The publisher enforces a strict firewall between its administrative operations and the scientific choices of the Editor-in-Chief. Editorial decisions are based exclusively on the scientific validity, clarity, and social value of the manuscript, independent of commercial considerations or author backgrounds.

Author Rights & Data Availability Protocols

Authors publishing with AAR retain the copyright of their work under a Creative Commons CC-BY license, allowing open sharing with proper attribution. In tandem, AAR strongly encourages complete underlying data availability to maximize analytical replication.

WHY PUBLISH WITH AAR?

Choosing a dissemination venue is critical for a researcher's visibility and institutional impact. AAR provides a comprehensive, high-standard infrastructure designed to deliver concrete benefits to our global contributors:

1. Objective, Double-Blind Peer Review

Guarantees that your manuscript is judged solely on intellectual merit, shielding the evaluation from institutional bias, regional prejudice, or seniority factors.

2. Efficient and Rapid Processing

We realize the value of timely research. The editorial office strives to provide timely editorial decisions while maintaining rigorous peer-review standards.

3. Immediate Global Open-Access Footprint

Your work is permanently open to the scientific community, university libraries, funding bodies, and practitioners from day one, leading to significantly higher citation rates.

4. Dedicated Professional Editorial Support

Our operational personnel provide proactive guidance to young or international scholars throughout the formatting, reference verification, and galley checking stages.

JOIN OUR EDITORIAL BOARD

We cordially invite accomplished professors, experienced senior researchers, and visionary subject specialists to join our Founding International Editorial Board.

Strategic Benefits for Board Members

Serving on the founding board of an international multidisciplinary journal establishes significant academic leadership and global visibility. As a board member, you will play a central role in guiding the direction of scientific development within your specialism, expanding your collaborative research network across diverse international universities.

Academic Leadership

Drive peer-review standards, formulate special issue focus matrices, and curate ground breaking literature tracks.

Honorary Position

The appointment is completely voluntary and honorary, carrying absolutely zero financial liability or operational overheads for the scholar.

Professional Certification

Receive official institutional empanelment certificates and annual performance acknowledgments from DaibaBani.

Global Visibility

Your full academic profile, institutional affiliation, and research focus fields will be showcased on our global portal.

International Networking

Board members become part of a growing international scholarly network fostering academic collaboration, interdisciplinary dialogue, and research partnerships.

FUTURE INDEXING ROADMAP

DaibaBani is dedicated to a rigorous, long-term operational standard. We approach our system growth through an aspirational, step-by-step framework designed to achieve compliance with elite global metadata repositories.

Phase 1: Persistent Metadata Foundations (Current–2026)

Working towards establishing permanent structural metadata protocols. Committed to structural alignment with Crossref DOI allocation systems, OpenAlex databases, and Google Scholar harvesting layers.

Phase 2: Open Access Registries (2026–2027)

Aspirational plan to seek formal inclusion in the Directory of Open Access Journals (DOAJ), ROAD directory, and international library catalogs by ensuring strict adherence to open science metadata guidelines.

Phase 3: High-Impact Citation Indexes (2027–2029)

Long-term operational goal to satisfy the comprehensive structural and quantitative performance parameters required for evaluation and eventual inclusion within Scopus (Elsevier) and Web of Science (Clarivate) citation databases.

Important Compliance Note: The indexing references above depict our planned strategic goals and development timeline. They reflect the institutional commitments of DaibaBani Press and should not be interpreted as active current indexations.

LEADERSHIP & ADMINISTRATION

Editorial Office structure

The Editorial Office is coordinated by the Editor-in-Chief with the support of an expanding international editorial and reviewer network. As the journal grows, additional editorial and production responsibilities will be distributed among qualified academic professionals.

International Advisory Network

AAR relies heavily on an expansive international advisory network that brings deep expertise from universities across North America, Europe, Asia-Pacific, and emerging nations, keeping our focus globally balanced.
